

Pharmaceutical Technical Solutions, Inc. (PTSI) Selected as Owner's Representative for AdvanCell's U.S. Flagship Manufacturing Facility

LAS VEGAS, Nev. – 30 July 2026 – Pharmaceutical Technical Solutions, Inc. (PTSI) is proud to announce its selection as Owner's Representative for AdvanCell's U.S. Global Headquarters and flagship manufacturing facility in Andover, Massachusetts.

AdvanCell recently announced the establishment of its U.S. Global Headquarters and the lease of a 128,000-square-foot facility that will become the company's first internal U.S. manufacturing site. This investment represents a major milestone in AdvanCell's strategy to establish a vertically integrated global manufacturing network supporting the development and commercialization of its Lead-212 targeted alpha therapy platform.

As Owner's Representative, PTSI is providing strategic leadership during the Conceptual Design phase, working closely with AdvanCell and project stakeholders to establish the technical, commercial, and execution framework for this state-of-the-art manufacturing facility.

PTSI's experienced Owner Representatives utilize proven project management methodologies and life sciences industry best practices to deliver projects that meet scope, schedule, budget, quality, safety, and regulatory objectives while maintaining compliance with FDA, EU, EMA, ICH, and global GMP requirements.

"We are honored to partner with AdvanCell on this important strategic investment," said Steve Sandoval Sr., President of Pharmaceutical Technical Solutions, Inc. "The development of advanced radiopharmaceutical manufacturing capabilities is essential to expanding patient access to innovative targeted alpha therapies. Our experienced Owner Representative team is committed to guiding this project from Conceptual Design through Manufacturing Operational Readiness, helping deliver a world-class manufacturing facility that supports AdvanCell's long-term growth strategy."

The AdvanCell project reflects PTSI's commitment to providing experienced Owner's Representative services for biotechnology, pharmaceutical, and radiopharmaceutical capital projects. From Conceptual Design through Detailed Design, Construction, Commissioning, Qualification, Validation, and Manufacturing Operational Readiness, PTSI partners with clients to successfully deliver compliant, high-performance manufacturing facilities.

About Pharmaceutical Technical Solutions, Inc. (PTSI)

Pharmaceutical Technical Solutions, Inc. (PTSI), headquartered in Las Vegas, Nevada, provides Owner's Representative, Project Management, Design Management, Construction Management, Commissioning, Qualification, Validation, Manufacturing Operational Readiness, and Technical Consulting services for biotechnology, pharmaceutical, radiopharmaceutical, cell and gene therapy, mRNA, vaccine, and medical device manufacturing facilities.
